About Me

Enthusiastic software developer with a solid foundation in full-stack development, specializing in MERN and Java. Proven ability to create user-centric applications that address real-world challenges, exemplified through projects like a dynamic recipe app and a tiffin center website. Eager to contribute technical skills and a passion for seamless user experiences, driving impactful solutions and advancing mission-driven objectives. Committed to continuous learning and improvement in the tech landscape.

Education

LNCT group of colleges

B.tech in Information Technology

Bhopal, MP

oct 2020 - jun 2024

- Cleared with distinction (7.88 CGPA)
- Earned sports awards, participated in hackathons, and completed Java and MERN coding to enhance development skills..

St. Joseph's Sr. Sec. School(CBSE)
